

"As long as we look to legislation to cure poverty or to abolish special privilege we are going to see poverty spread and special privilege grow." - Henry Ford

February 2017 President's Message

Less snow and more people at our February meeting. It is funny how good weather and good food seem to go together for us. We are getting used to the superb job Gail and her helpers, as well as the Elk's kitchen crew, do in putting these meals together. Let's be careful and not take their efforts for granted. An extra "thank you" or two is a good idea when you see them.

I heard one member mention that he misses the potlucks. We can discuss this sometime if we want to, but I think our contract with the Elks places some restrictions on us bringing in food. Besides, several people have expressed that they like it this way.

We will publish BOD meeting minutes in the newsletter, but the timing is such that we would need to hold that month's newsletter an extra two weeks or more after a general meeting to cover a Board meeting. We decided it is better

to get the newsletter out as soon as we can after a general meeting. This means that Board minutes won't be in the newsletter before the following general meeting. Minutes should be on the website ahead of the following general meeting. Anyway, we are working on this.

Committee people are working and things are happening: Swap Meet, Tours, Property, Sunshine, Library and more. Read all about it in the minutes and pitch in to help where you can.

We are headed to the west side, not "the coast" for a few days. I believe in trying to see sick people before they are in a box with flowers on top, but it is not always an easy thing to do. Keep your friends in you thoughts. Let that be my quote for the month.

Hurray for 2017!
Tom Dailey

Veterans and Others with Disabilities Welcomed at Ford Motor Company

Henry Ford laid the foundation for disabled veterans to be welcomed as employees of Ford Motor Company. Early in the company's history, he saw to it that people with disabilities were given the chance to prove themselves, and many of them became loyal and productive employees.

Finding a Place for Returning Veterans

Ford's philosophy of inclusion was shared by his grandson, Henry Ford II. Near the end of World War II, and especially in its aftermath, numerous wounded and disabled veterans were flooding back into the workforce. Henry Ford II understood that persons with disabilities, including returning veterans, wanted and deserved an equal chance to work.

As had been done in the early days, Henry Ford II made efforts to integrate returning veterans into the workplace. This meant accommodating blind persons and providing specially modified equipment for those who had lost limbs, for example.

A Legacy of Inclusion

Even before World War II, Ford Motor Company was known as one that was more interested in a prospective employee's abilities than any disabilities the person might have. In 1937, an article in Ford News reported that the company had "11,632 men in various stages of disability earning full pay," and the article made a point of saying that "they give full value for their wages."

The company's leadership in the employment of persons with disabilities continued through the years. In the 1970s, Henry Ford II was a founding member of the National Business and Disability Council, long before the U.S. government enacted laws requiring equal opportunity for persons with disabilities.

Homemade Mac & Cheese

INGREDIENTS

- Equal parts chicken broth & water (to boil macaroni)
- 3 cups macaroni
- 2 tablespoons butter
- 2 tablespoons flour
- 1 cup chicken broth
- 1/2 cup half-and-half
- 1/2 cup milk
- 1/2 cup cream cheese, softened
- 4 cups finely shredded cheeses (sharp cheddar*, mozzarella, gouda, muenster)
- 1/2 teaspoon black pepper
- A few dashes paprika

DIRECTIONS

- 1 Preheat oven to 350°F. Meanwhile, combine equal parts water and chicken broth (just enough to cook your macaroni in) in a large pot and bring to a boil on the stovetop.
- 2 Add macaroni and cook until al dente according to instructions on box (usually about 7-8 minutes). When macaroni is done, drain and set aside.
- 3 In a large saucepan over medium heat, melt butter and whisk in the flour. Cook for about a minute, whisking constantly. Keep whisking as you add in 1 cup chicken broth, half-and-half, and milk; continue whisking until fully combined. You want the mixture to steam but NOT boil. Adjust your heat accordingly. Add in the cream cheese and stir until completely dissolved and smooth.
- 4 Remove pot from heat and add in 4 cups of cheese, stirring until smooth. Pour cheese mixture over cooked macaroni and stir to combine. Add some black pepper if you'd like.
- 5 Grease a 9x9-inch baking pan with butter and pour mac and cheese into it. Bake in preheated oven for 25-30 minutes until slightly jiggly, making sure not to overcook. The macaroni will set and firm up as it cools.

THE MAGIC BANK ACCOUNT

Imagine that you had won the following "PRIZE" in a contest: Each morning your bank would deposit \$86,400 in your private account for your use. However, this prize has Rules:

The set of Rules:

1. Everything that you didn't spend during each day would be taken away from you.
2. You may not simply transfer money into some other account.
3. You may only spend it.
4. Each morning upon awakening, the bank opens your account with another \$86,400 for that day.
5. The bank can end the game without warning; at any time, it can say, "Game Over!" It can close the account, and you will not receive a new one.

What would you personally do? You would buy anything and everything you wanted, right? Not only for yourself, but for all the people you love and care for. Even for people you don't know, because you couldn't possibly spend it all on yourself — right? You would try to spend every penny, and use it all, because you knew it would be replenished in the morning, right?

ACTUALLY, THIS GAME IS REAL!

Shocked??? Yes!!! Each of us is already a winner of this "PRIZE". We just can't seem to see it. The PRIZE is "TIME"

1. Each morning we awaken to Receive 86,400 seconds As a gift of Life.
2. And when we go to sleep at Night, any remaining time is Not credited to us.
3. What we haven't used up that Day is forever lost.
4. Yesterday is forever Gone.
5. Each morning the account is Refilled, but the bank can dissolve your account at any time WITHOUT WARNING...

SO, what will YOU do with your 86,400 seconds? Those seconds are worth so much More than the same amount in dollars. Think about it and remember to Enjoy every second of your life, because time races by so much quicker than You think. So take care of yourself, be Happy, love deeply and enjoy life!

Here's wishing you a wonderful and beautiful day. Start spending.... "DON'T COMPLAIN ABOUT GROWING OLD SOME PEOPLE DON'T GET THE PRIVILEGE!"

USE CAR'S EXHAUST TO CLEAN CUSHIONS

Using the exhaust gas of the automobile to clean the upholstery is the accomplishment of a recently invented device. An aluminum attachment is fastened to the exhaust pipe and the engine is allowed to idle. As the exhaust gas passes through this device suction is created at the inlet hole. Collected by a nozzle, the dust and dirt are drawn through the hose and expelled into the air at the rear of the car. It is made in three models, for cars of different size.
