Dear V8ers,

Thanks for a good turnout for the June meeting. Sounds like the swap meets is going well. Please sign up for a duty. We need your help to make this a success. Thanks to Bob Long and his crew for all the hard work they have been doing. Also, Larry & Karen Easterly for working on the Show and Shine. They need more help. So please call them if you are able.

We had fun on the Palouse Falls Tour. I wish more could have joined us, but realize it was short notice. Thanks to those who were able to go.

12:00 pm to 3:00 pm. I know we will have a good turnout for it.

I hope we have a good turnout for the Flag Day Parade at Fairfield. We always have a good time. I'm excited to see Chuck McVey lead our group with a banner to honor Dale Halverson. Dale never missed this parade and was always on our tours no matter where we went. He is really missed. His memorial is on June 30<sup>th</sup> at the Valley Eagles at

It seems there is something on every weekend this summer. If not our club, but some other event. Please Join in whether you can drive an old car or new... just get out and have fun.

Til next time, keep those cars on the road.

Your Pres,  
B.J. Glander

We LOVE club tours. Our club has always been based on an interest in Early Ford V8 cars. Owning one, having a running car, or being able to drive one doesn't matter. Everyone is always welcome, no matter if you drive an Early Ford V8 car or not. Driving a modern car is always an option. We are all about the people and friendship.

A few things to remember when touring:

- Having a "drop off" car is always nice. If you are the second car in line and the lead car turns, pull off so that all the cars following will know the direction to go.
- If you drive a modern car, please remain in the back of the touring line. V8 cars should always stay together with modern cars in the back of the line.
- If you have extra room in your V8 car, offer a ride to someone who may not have a car, or is unable to drive one for some reason.
- Having insurance on your V8 is required.
- HAVE FUN!

Everyone is

**Dale H. Halverson**

To clarify the passing of Dale. On March 17, 2019, about 3:00 pm, he developed a very serious and large brain bleed that showed on a CAT scan at Yuma Hospital. He was airlifted to Phoenix where a neurologist doctor said was nothing that could be done and this has also caused a serious stroke. Dale went to the Lord on March 19, 2019 in late evening.

Dale has a son, Kevin Halverson, in Post Falls, ID, a daughter Karen in Hoquiam, WA, a step daughter Michelle, in WA, five grandchildren and four great grandchildren.

Dale & I were together for ten years and we all miss this sweet natured person, so knowledgeable, lovely and funny. He still had so many plans and projects in his mind....

Love,  
Jan Farnham

Dale Halverson's Celebration of Life

There will be a "Celebration of Life" held for Dale Halverson at the Valley Eagles, Sunday, June 30<sup>th</sup> from 12:00 pm to 3:00 pm.

A sign-up sheet was available at the June meeting for club members to donate salads! We still need several people to help by contributing, as we don't have enough yet! You can help out by calling Judy Little, Bereavement Committee Chairman, at (509) 953-6299.

Dale was a very beloved member of our club and a longtime resident of Spokane Valley, so we definitely expect a large turnout of friends and family! Your help will be greatly appreciated!

If you are able, please drive your old Ford to Dale's Celebration of Life.

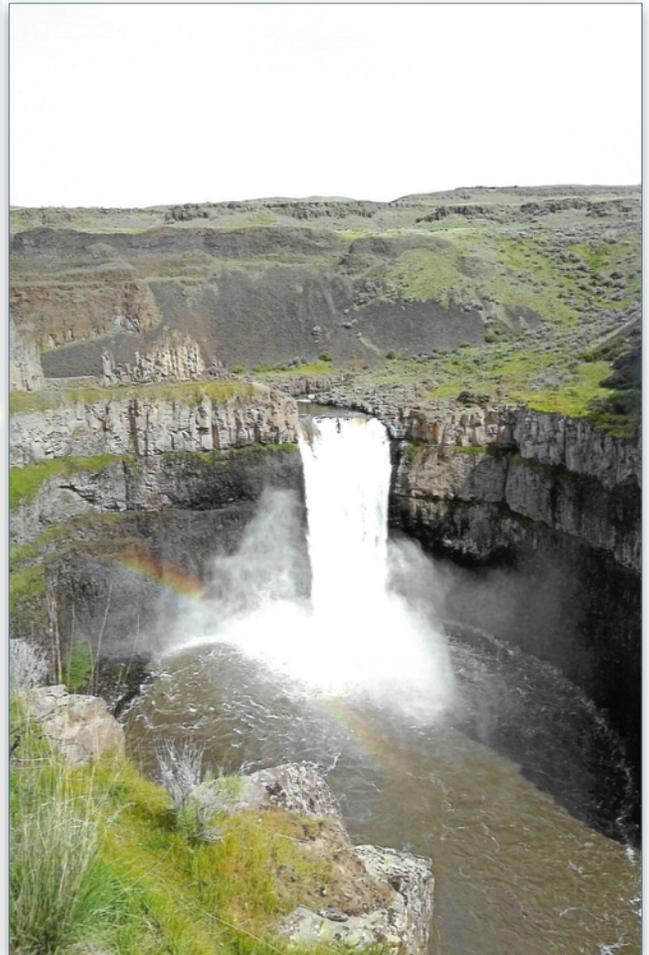

Independence Day: July 4th

The Fourth of July - also known as Independence Day or July 4th - has been a federal holiday in the United States since 1941, but the tradition of Independence Day celebrations goes back to the 18th century and the American Revolution. On July 2nd, 1776, the Continental Congress voted in favor of independence, and two days later delegates from the 13 colonies adopted the Declaration of Independence, a historic document drafted by Thomas Jefferson. From 1776 to the present day, July 4th has been celebrated as the birth of American independence, with festivities ranging from fireworks, parades and concerts to more casual family gatherings and barbecues.

## Palouse Falls Tour By Butch Glander

Saturday, June 1st we were set to leave Fred Myers at 8:30 a.m. Due to a malfunction, we left closer to 9:00 a.m. We got the problem fixed and were on our way. We had five old cars and one newer one.

We stopped in Ritzville and fueled up and took a short break.

On to the falls, we arrived at noon. We were able to find a picnic table in the shade, so we were able to have a cool place to eat our lunches.

The falls were flowing really well. It has a 212 foot drop and a beautiful view.

The group came back through Colfax. B.J. and I went to Lewiston to spend the night with her son. We returned to Spokane on Sunday. Round trip was 312 miles.

Everyone said they had a good time.

See you on the next trip!

## Flag Day Parade By Chuck McVey

At our Early Ford V8 Club meeting on June 2nd, I ask our president B.J. and the club members if the Model A could be first down the hill for the Flag Day Parade to honor Dale Halverson. I talked with Jan and between the two of us, we got two banners made for the Model A pickup.

Ever since I became a member, Dale had always been first down the hill for the parade. Someone thought that he had led the V8 Club for over twenty years.

I believe we had 14 cars in the parade. Some members arrived in their new cars and rode down the hill with other members. I had Glen Terry build racks for the each side of the Model A to fit the banners. The night before the parade, I loaded the Model A in my car hauler and met the members at 32nd and 27th the next morning.

We got to Fairfield and met up the hill to where we start from. Ed Rutledge was there in his '35 Ford. I think we had 13 cars and the Model A.

Harold and Carol Black were there, along with their son and his wife. I want to thank their son and his wife, along with Carol, for carrying the V8 banner down the hill.

It was a wonderful day, both emotional and happy. It was a privilege for me to honor Dale by carrying the banner honoring his celebration of life down the hill for the Flag Day Parade one more time.

I want to thank Sir Speedy Printing for the great job they did on the banners. If anything comes up that our club needs, I would highly recommend their services. Wonderful people and easy to do business with.

**Attention Club Members**

Thank you to everyone who has already signed up to help at the swap meet. The success of the swap meet is dependent upon volunteers. Everyone in the club should sign up for at least one gate duty or other position. Having all members volunteer helps the club and prevents some members from having to work extra shifts. If you haven't signed up yet, sign up sheets will be available at the general meetings or contact a gate chair.

Larry and Caren Easterly need more volunteers to help them with the Show and Shine. Larry needs more volunteers to help with parking and judging. The trophies and dash plaques have been ordered. ## And Then It's Winter

Submitted by Chuck McVey

You know time has a way of moving quickly and catching you unaware of the passing years...

It seems like yesterday that I was young, just married, and embarking on my new life with my mate. Yet in a way, it seems like eons ago, and I wonder where all those years went.

I know that I lived them all. I have glimpses of how it was back then and of all my hopes and dreams. But, here it is... the winter of my life, and it catches me by surprise. How did I get here so fast?

Where did all the years go and where did my youth go? I remember well seeing older people through the years and thinking that those "older people" were years away from me and that winter was so far off that I could not fathom it or imagine fully what it would be like.

But here it is... my friends are retired and getting grey now. They move slower and I see an older person in myself now. Some are in better and some worse shape than me, but I see the great change... not like the ones that I remember who were young and vagrant... but like me, their age is beginning to show and we are now those older folks that we used to see and never thought we'd be.

Each day now, I find that just getting a shower is a real target for the day, and taking a nap is not a treat any more... it's mandatory, cause if I don't on my own free will, I just fall asleep where I set!

And so... now I enter this new season of my life unprepared for all the aches and pains and the loss of strength and ability to go and do things that I wish I had done but never did! But at least I know, that though the winter has come, and I'm not sure how long it will last... this I know... that when it's over on this Earth... it's over. A new adventure will begin!

Yes, I have regrets. There are things I wish I hadn't done... things I should have done, but indeed, there are also many things I'm happy to have done, it's all in a life time.

So if you're not in your winter yet, let me remind you, that it will be here faster than you think. So whatever you would like to accomplish in our life, please do it quickly!

So, do what you can today, as you can never be sure whether this is your winter or not!! You have no promise that you will see all the seasons of your life. So, live for today and say all the things that you want your loved ones to remember and hope that they appreciate and love you for all the things you have done for them in all the years past!!

Life is a gift to you and me. The way we live our life is our gift to those who come after. Make it a fantastic one. Remember: "It is health that is real wealth and not pieces of gold and silver." Your kids are becoming you... but your grandchildren are perfect!!!

Going out is good, but coming home is even better! You forget names... but it's ok, because other people forget they even knew you!!! You realize you're never going to be perfect at everything... especially golf. The things you used to care to do, you no longer care to do, but you really do care that you don't care to do them anymore.

You sleep better on a lounge chair with the T.V. blaring then is bed. It's called "Pre- Sleep." You miss the days when everything worked with just an "ON and OFF" switch.

You tend to use more four letter words "What?"... "When?" ?? Now that can afford expensive jewelry, it's not safe to wear it anywhere. You notice everything they sell in stores is "sleeveless?!" What used to be freckles are now liver spots. Everybody whispers. You have three sizes of clothes in your closet, two of which you will never wear.

But "OLD" is good in some things: Old Songs. Old movies, and best of all, our Dear...Old Friends!!! Stay well, "OLD FRIEND!"

This was sent to me by an Old Classmate of mine in grade school. She was and still is a very dear friend. I had a crush on her in the 4th and 5th grades, think it's called puppy love.

Those were the summers of my life. We all have fond memories of becoming of age, but as the seasons change life changes around us. We gain and lose loved ones.

To all my Friends, I hope the "Winters of your Life's" will be kind to you!!!!

Early Ford V-8 Club of America

## Missing V-8 TIMES

With over 150 of the V-8 TIMES on a thumb drives sold, a few keen eyed members soon discovered there was a missing issue – November/December 2008. Somehow this issue was not on the original drives.

Not to fear, it is now on the Club website where you can download the .pdf file of that issue and copy it to your thumb drive OR if you don't have the thumb drive, you can just take a preview look at it and see what's available on the thumb drive along with 247 other issues covering 50 years – 1965-2014.

Go to the Club website ([www.efv8.org](http://www.efv8.org)). on the home page, click on "V8 TIMES". At the bottom of that page you can click and download the file.

The missing file has been added to the remaining drives in inventory. If you don't have one, they're only \$19.95 (US\$) plus shipping and handling. You can order on the website or see page 12 in the V-8 TIMES for ordering information.

## What Would You Do?

Say you spent time and money restoring your 1932 Model B Pickup and then while enjoying it, you caused a tragic event that destroyed a key part of the restoration.

Would you restore it again or simply write it off to fate and forget about it?

That was the decision facing Steve Jordan.

After some deliberation, he made his decision and he's glad he did.

Spoiler Alert - You'll have to read about Steve's final decision in the July/August V-8 TIMES.

## Looking For Sponsors

## Did You Drive Your V-8?

*Last year, Bill Smith, a life-long resident of Millville, NJ, took his 1936 Ford Coupe out for a drive to the former Millville Army Air Field*

Did you drive your V-8 on Drive Your V-8 Day?

I want photographic evidence!

Send me photographs of your adventures on this day and submit the best ones (not more than four, please!) along with a short description of what you did or what the photo(s) depict to the V-8 TIMES. E-mail your pictures (put "Drive Your V-8 Day" in the subject line) by July 15 to [v8times@cox.net](mailto:v8times@cox.net) or mail them to P.O. Box 16630, San Diego, CA 92116.

Your photos and captions may appear in the V-8 TIMES. It could be your chance to be on the cover!!
