

"Obstacles are those frightful things you see when you take your eyes off your goal."

- Henry Ford

Dear V8ers,

So nice to see snow birds back. We had a really good turnout for the May meeting. I would like to remind everyone to please keep side talk down so we can get the meetings over as fast as possible. I try to keep them within an hour, so we have time to visit after. It is so good to see everyone laughing and talking.

Thanks to all who worked the Penny Drive. I think they made a good amount.

We missed those who didn't make Chuck's Ritzville tour. We had a good time. Would like everyone to remember to stay together so we don't get lost. It was fun to make some turn arounds, etc. Weather was good and I think we all had fun.

Looking forward to our tours coming up. John Clark has done a good job on the Fairfield tour. Hope we have good weather and fun out.

Looking forward to seeing you all next month. Think swap meet - fun to work together.

Your Pres, B.J. Glander

Mitch Silver spends \$2000 on advertising. Chuck talked to him and he agreed to give us \$3000 toward advertising. Our club spends \$4000. So now Chuck has \$7000 to use for advertising.

Renee Shawgo reported that the admissions schedule is full. She may need some volunteers for the silver gate.

Annette Long had a sample of the shirts she will be ordering for volunteers. They are a bright orange and will have the logo on the back. The cost will be \$6; larger sizes \$1 more. There was a sign-up sheet on the front table. Let her know if you want one so she can get your size.

If you go to any car shows, please take flyers.

Larry still needs volunteers for parking cars and judging.

OLD BUSINESS:

BJ said thanks to the members who helped with the Penney Drive.

Thanks also to Chuck McVey for the nice Ritzville Tour.

If you have not paid your National dues, please take care of this.

NEW BUSINESS:

Presentation about Regional Meet: Annette Long—Puget Sound Regional Group is hosting a Regional Meet on October 7 - 11, 2019 at the Coeur d'Alene Resort. They have another club who is helping them. Since we are local and know the area, they would like our club to plan a tour. We would not have to put up any money. They are planning to have all cars park together either at McEuen Park or the lower levels of the parking garage.

They will vote on having this Meet at their next club meeting and then Joe Reger will take it to National for approval. Annette will be in touch with them and will let us know more information. She will have a sign-up sheet next meeting to see how many are willing to help or enter their cars. We will have no financial responsibilities.

Butch Glander reported that Dick Jahns had heart surgery and is now in rehab.

The next general meeting will be on June 3rd at 5:00 pm at the Senior Center in Post Falls.

Next Board of Directors meeting will be June 21st at Mirabeau in Spokane Valley. Dinner at 5:30 or 6:00 pm and the meeting at 7:00 pm. It is requested that all swap meet organizers be at this meeting.

If you drive an old car to the meeting be sure to get your ticket at the front table; you could win \$25!

Drawings: Old Car—Carol Black (she donated her \$25 back to the club).

Membership—Wendell Essley

Motion to Adjourn was made by Annette Long and seconded by Bill Schweiter. Motion passed.

Meeting was adjourned at 6:05 p.m.

Attention Club Members

Thank you to everyone who has already signed up to help at the swap meet. The success of the swap meet is dependent upon volunteers. Everyone in the club should sign up for at least one gate duty or other position. Having all members volunteer helps the club and prevents some members from having to work extra shifts. If you haven't signed up yet, sign up sheets will be available at the general meetings or contact a gate chair. To see available shifts, see the sign up sheets are on page 4 of this newsletter.

Ritzville Tour: May 5th by Chuck McVey

Made coffee early Saturday morning, got the '41 out and started cleaning it.... guess what?... it started sprinkling. I thought, boy the day wasn't going to be like that. Moved the coupe back in the garage and finished cleaning it.

Don Leidel got to my place at 7:30 a.m. He rode with me because the Mercury is on the down side. We went and got donuts at Freddy's, didn't go to Mikes this time. When we came out of the store, it was sprinkling pretty good. I got out my big towels (I carry just for rain), wiped down the '41 again.

Members started showing up a little after 8:30 a.m. My '41, Bob & Annette Long's '36, Butch & B.J. Glander's '36 four door. Then Glen Terry & his friend showed up with his '35 Ford pickup. Was great to see new faces in the tour. Other members on the tour were, Gary & JoAnn Davis, with a friend she worked with, in their '49 Ford Fordor. Jim & Lee Adams with their '49 Fordor. Dale Halverson, Jan Farnham and her sister Karen in their '33 Ford Tudor. Chris Hughes and his '38 Fordor. Ones that didn't drive old cars were George & Jackie Feldmiller and Art & Millie Howell. We got out of the Valley a little after 9:00 a.m. I told everyone that we had to drive I-90 as we needed to be at the Railroad Station by 10:30 a.m. The people were nice enough to open it for the V8 Club. Some of the members had never been at the station before, and some were there last year. In the hour we spent there, three trains came by doing all of whatever the speed limit is for trains. They don't slow down to wave.

From there, we went down on the main street of Ritzville. There was a lot of parking. Sure enough, that part of Ritzville hasn't changed much in over a hundred years. The only things left there are about four buildings that are open to the public: the drug store, a bar 'n grill, and an old grocery store. Some person from the town reopened the bowling alley for the kids. The movie house has been updated to handle new movies. If a person wanted to have lunch, they would drive back to the first exit if going West on I-90 to the Ritz or one of the drive-ins there.

How Ritzville got its name. The first settler was a man called William McKay in 1880. Phillip Ritz settled there two years earlier. He named the nearby railway station Ritzville and the town took the name from there. He was a nurseryman and florist from Walla Walla territory.

We left Ritzville a little after noon. Traveled to Harrington and Highway 2. We were 15 minutes late getting to the Highway Café in Reardon. There were 20 people in all for lunch, the food was great. After lunch, we were headed for the train museum. Two cars didn't take in the museum. Had the old car drawing and Bob Long won the first drawing of the season.

At the Train Museum, it has changed some. New things have been added. One of the people there showed us what the place will look like in the future. I didn't get a picture of the layout, but it will be nice. The dining car has been updated. The five cars next to the platform has most of the stuff working in them. One thing that has not been updated is the little train ride. It has gotten bad to ride on. Four of us sat in the back car. If your back side didn't hurt before getting on the train, it sure did when you got off. The tracks have settled and are uneven. The ride was faster last year.

A couple things that happen just before leaving the parking lot at Fred Meyers... I told everyone we were driving I-90 to Ritzville. Well somehow we got strung out and when the back cars got to Highway 2 exit, they turned off there. Thank God for cell phones. We all got to Ritzville okay.

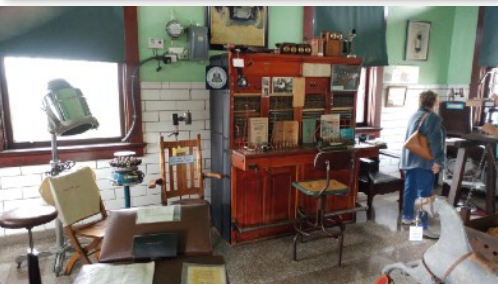

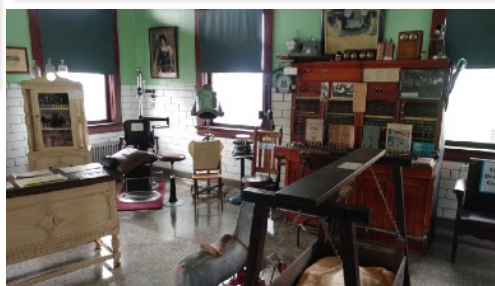

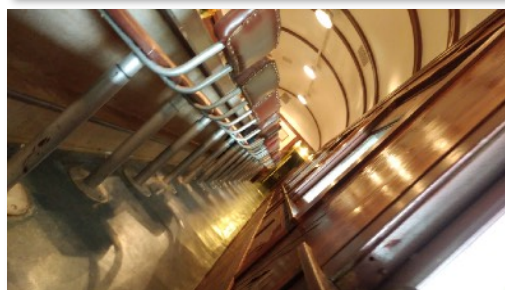

The other, is that I made the mistake of not leaving earlier. We had one old car turn back, because the driver didn't want to drive the freeway that far. No names, but I do apologize for that.

It was a good tour, loved everyone that came on the tour. I think everybody had fun. Lots of laughter and good friendship.

The Spokane Guild School is having their Kids Penny Drive on Saturday, April 28, 2018. The shifts run from 9:00 a.m. to 2:00 p.m. If the club is interested, a representative of the club needs to contact the Guild School.

The Thrifty Auto Reunion will be held on Saturday, June 9, 2018 at the Greenacres Auto.

Ted Davis and Jacquie Witham, along with help from the Board and a committee, will run this year's **Downtown Scholarship Car Show**. The INCCC is asking each club to donate \$25.00 for an award plaque. The committee needs 20-25 volunteers to work the show.

The editor of the newsletter is always looking for photographs and car related articles from the members.

The Spokesman-Review no longer has a want-ad section for car related items. The Auto Clipper would be the publication to read for items related to the car scene.

July 13, 2018 is Old Car Appreciation Day. Drive those old cars.

The scholarship committee announced that fifteen scholarships will be offered. There were 46 applications accepted for this year with each scholarship being in the amount of \$1,500.

Meeting adjourned at 7:05 P.M.

Respectfully Submitted,

William J. Schweiter

Early Ford V-8 Club Representative

1948 Ford & 1955 Ford PU

- **1948 Ford convertible** with 34,000 original miles. The car has been in my family for 33 years and is mostly original, but with minor modifications done in the early 1980's. It is a black car with black Haartz cloth top and rare all original tan interior. Additional options include under hood light, windshield washers, Ford Script fog lights and back up lights, radio, heater, gas fill guard, and clock. The car has never been wrecked or had rust and the body is perfect. The mostly original paint is still shiny, but is getting thin. It runs and drives very well. It was driven on the fall tour last year. This car has been cherished all its life. \$32,000.
- **1955 Ford F1 Pickup.** Beautiful black California pickup with exceptionally straight body and show paint. This truck has only 23,000 miles since restoration of a rust free, never commercially used truck. 351 C / AOD overdrive automatic transmission, TCI power rack and pinion front suspension with 11" disc brakes, vintage air, power brakes, dual exhaust, tubbed rear fenders, oak bed, custom fiberglass lockable bed cover, remote controlled stereo, near new tires and brakes, big aluminum radiator, tinted glass, custom cab turn signals, nine inch rear end, perfect chrome and stainless. The truck is reliable and could be driven anywhere. \$29,000.
- For more information on either of these vehicles contact Doug Asay (949) 244-9478.
